

School Canteen

Our School Canteen operates every day throughout the school year, offering a wide range of food and drink at reasonable costs and providing a valuable service for both students and staff.

Our Convenor, Tracey Waters, operates the Canteen with a band of volunteer workers, and new workers are always very welcome. If you are interested in helping in this vital service and/or in spending a pleasant day with like-minded people, please contact Tracey on 0409272623 (mobile), or 4636 8710 (canteen).

Funds generated through the P & C Shop and the School Canteen are returned to the Parents' and Citizens' Association and are used by the Association to supply additional equipment and resources to the school.
