

Library

Welcome to Harristown State High School Resource Centre. Our library provides a welcoming and stimulating environment where every student can access more than just books and computers. The helpful staff are committed to encouraging critical thinking and problem solving skills through the process of accessing, evaluating and applying information.

All your learning resource needs can be found from this main page or by speaking in person with one of the staff in the resource centre.

1. School Catalogue System Online

[Click here to access the school library catalogue](#)

2. E Library Database.

To visit a range of research resources - just click on the link below.

E Library - Username & Password remain the same.
Please see Teacher Librarian if you need this.

B. Education QLD eReference Collection.

Useful references are available here to support your research.
